Dear Principal Yiu,

It is my great pleasure to share with you that the following student, who previously studied in your school, demonstrated exceptional academic achievements as well as fine service and conduct in our school examinations in 2020-2021.

<u>Name</u>	<u>Class</u>	<u>Awards</u>
Tung Ue Chi	6A	Second in Form, True Light Scholarship

We firmly believe that building up good students not only rests in the hands of their parents and the present school, but also their primary schools. A sound primary education is indispensable for nurturing students' future success. Therefore, I am writing to express my gratitude to your school for the quality education you and your team have provided for these aspiring individuals.

We hope to continue to receive students like yours who succeed beyond all our expectations and look forward to more promising years ahead.

Yours sincerely,

Tam Kim Hung  
Principal
